## What parents are saying about Clarke:

*"Clarke's Summer Adventure was a breath of fresh air for our son. For the first time in his life, we felt fully comfortable leaving him in someone else's care. Clarke's trained professionals understood his needs and offered our family incredible support and encouragement, even after Summer Adventure ended. Our son came back calmer and more confident—it was truly a transforming experience."*

*"Family Weekend was well-balanced, creative and a great resource."*

*"Our son wanted to go away to summer camp like his brothers. We were hesitant because of his implant, but didn't want him to miss out on that experience. Then we found Clarke's Summer Adventure. The mix of activities was great and allowed him to grow and have fun in a safe environment. It was so comforting to know that there was an audiologist right there."*

*"Meeting other families from all over the country at Family Weekend and hearing their stories made us feel a sense of community and reminded us that we are not alone."*
