

Learn, Grow and Make New Friends

Clarke's Summer Adventure 2012

JULY 8-20

Two-week program for deaf and hard of hearing children ages 9–13 led by experienced teachers of the deaf. Recreation, arts & crafts, hiking, swimming, field trips and more! Kids will enhance their communication skills while building confidence, learning from alumni role models and building new friendships that remain long after the program ends.

Summer MEMORIES

It was awesome! My favorite part was going swimming and hiking. I would like to come back because I had so much fun and made new friends.

What parents are saying about Clarke:

"Clarke's Summer Adventure was a breath of fresh air for our son. For the first time in his life, we felt fully comfortable leaving him in someone else's care. Clarke's trained professionals understood his needs and offered our family incredible support and encouragement, even after Summer Adventure ended. Our son came back calmer and more confident—it was truly a transforming experience."

"I think this is the best program out there. I would (and do) recommend this program to other families of children who are deaf or hard of hearing."

"Our son wanted to go away to summer camp like his brothers. We were hesitant because of his implant, but didn't want him to miss out on that experience. Then we found Clarke's Summer Adventure. The mix of activities was great and allowed him to grow and have fun in a safe environment. It was so comforting to know that there was an audiologist right there."

"My son came home so excited about all the new friends he made over the summer. Thank you."
